Decide Your Canvas Type

1. Standard Unframed:

This canvas is ½ inch thick and tends to look better framed. If you would like to frame your painting yourself this is the choice for you!

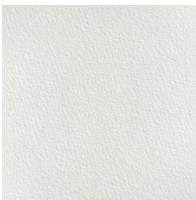

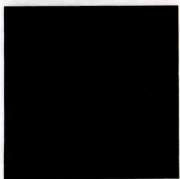

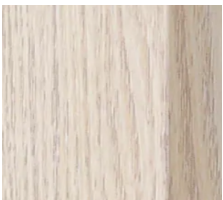

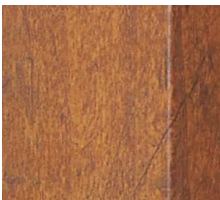

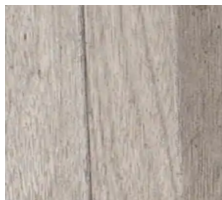

2. Standard Framed:

This painting will be on the same type of canvas but I will frame it for you. Examples of the floating frames I use are provided below (only available for select sizes).

Frame Color/ Wash Options

White	Black	Natural Wood L	Natural Wood D	Greywash
				

3. Gallery Wrapped:

This canvas is 1.5 inches thick and will have mirrored edges. Since the painting continues onto the side of the canvas, these pieces work amazingly unframed!

Pricing (US \$)
